In Carpets—that is, in all grades of Carpets—new styles and new effects are running in now while the smaller concerns are still tinkering with the old and already forgotten patterns—we are busy piling up new goods where the old ones used to be—Every day adds something to our already extensive stock—The aggregation today is beautiful and extremely choice—No purchaser can fancy anything finer—For 10 cents you can buy Carpets that will cost you 80 cents elsewhere—For 20 cents you can buy choice selection of the most reliable mills—Our shelves are aglow with Carpets in pretty, bright patterns—Progress in the model manufacturing has raised the standard, while competition has pulled down the price—Hence you can buy from ten to twenty per cent cheaper than you could last spring—We wish you to forget this fact—it is well to remember it, lest some dealer may ask last year's prices for this year's goods—Take time to look through our Carpet department, examine our stock and see what you think of it—Do it this week, however, for we're offering special drives in all grades of Carpets—in fact, prices will be away down in all floor coverings during this week.
